SEASON SEVEN

DISC ONE
DESCENT, PART II Picard, Troi, and Geordi are held prisoner by Data, who has joined his evil brother Lore as leaders of the Borg.
LIAISONS While the crew plays host to alien ambassadors, Picard is stranded on a planet with a woman who falls desperately in love with him.
INTERFACE Geordi defies Picard's commands and risks his life in what appears to be a futile attempt to rescue his missing mother.
GAMBIT, PART I Riker is shocked to find Picard, who has been missing and presumed dead, posing as a mercenary on an alien ship.
GAMBIT, PART II Picard and Riker masquerade as mercenaries in order to retrieve a potentially lethal Vulcan artifact.

DISC TWO
PHANTASMS Data's first bad dream turns into a real-life nightmare for the rest of the Enterprise crew.
DARK PAGE Troi must probe her mother's psyche when a traumatic secret causes a psychic breakdown that threatens Lwaxana's life.
ATTACHED Imprisoned and telepathically linked together by an alien race, Picard and Beverly are forced to face their feelings for each other.
FORCE OF NATURE An alien brother and sister resort to desperate measures to prove their theory that warp drive is destroying space.

DISC THREE
INHERITANCE A routine mission to save an endangered planet brings Data face-to-face with a woman who claims to be his mother.
PARALLELS Returning to the Enterprise from a competition, Worf finds reality changing, and is troubled when no one else seems to notice.
THE PEGASUS Riker is torn when his former commander, now an admiral, orders him to hide the real purpose of a risky mission from Picard.
HOMEWARD Worf's foster brother violates the Prime Directive in an effort to save a doomed alien race.
SUB ROSA Shortly after her grandmother's death, Beverly falls under the spell of a ghost lover who has been in her family for generations.

DISC FOUR
LOWER DECKS While enduring the ship's promotion evaluation process, four junior officers find themselves involved in a top-secret mission.
THINE OWN SELF Having lost his memory, Data is stranded on a primitive planet where the inhabitants fear he is carrying a deadly plague.
MASKS While an alien archive transforms the ship into its ancient society, Data is taken over by many personalities from the extinct civilization.
EYE OF THE BEHOLDER After an officer's apparent suicide, Troi suffers empathic visions and becomes romantically involved with Worf.
GENESIS Picard and Data return to the Enterprise to discover that the entire crew has de-evolved into prehistoric beings.

DISC FIVE
JOURNEY'S END Picard is forced to relocate Native Americans from a planet, while a colonist causes Wesley to re-examine his future.
FIRSTBORN A mysterious family friend arrives to help transform Worf's reluctant son Alexander into a warrior.
BLOODLINES Picard learns that he has a son, and that the young man has been targeted for murder by an old enemy in search of revenge.
EMERGENCE The lives of the Enterprise crew are endangered when the ship suddenly develops its own intelligence.
PREEMPTIVE STRIKE Ro's loyalty to Picard and Starfleet is put to the test when she accepts an assignment to infiltrate the Maquis.

DISC SIX
ALL GOOD THINGS... Picard travels between the past, present, and future while attempting to prevent the destruction of humanity.
